

UNIMORE
UNIVERSITÀ DEGLI STUDI DI
MODENA E REGGIO EMILIA

Modena, 13.09.2021

To Professors and Researchers

To Technical and Administrative staff

To Research Fellows

To Collaborators of any kind attending the
University premises

Subject: LD 10.09.2021, no. 122: “Urgent measures to fight the emergency caused by COVID-19 in schools, higher education and social welfare and health”.

We inform you that the decree-law in question has provided for additions to art. 9-ter of the decree-law no. 52 of 22 April 2021, converted, with amendments, by law no. 87 of 17 June 2021, establishing that:

“Anyone who has access to the facilities belonging to the university institutions and to the higher education in art, music and dance, as well as to other higher education institutions linked to universities, must possess and be required to exhibit the COVID-19 green certificate”.

This measure concerns, for example, maintenance, cleaning staff, etc., as well as external visitors.

The heads of the university institutions (and their delegates) are required to verify compliance with the new requirements.

The verifications, carried out following the procedures defined in art. 13 of the Prime Ministerial Decree of 17.06.2021, **will be made on a sample basis.**

In the event that access to the premises is justified by reasons of service or work, the verification of compliance with the requirements referred to in paragraph 1 shall also be carried out by their respective employers.

The violation of the provisions of the decree-law mentioned above is sanctioned pursuant to Article 4, paragraphs 1, 3, 5 and 9 of LD no.19 of 25.3.2020 converted, with amendments, by Law no.35 of 22.5. 2020.

Therefore, in the light of the above, anyone accessing the premises of the University must be in possession and exhibit the COVID-19 green certificate; alternatively, the following documents may be shown:

- negative result of a rapid antigen test or molecular test taken within the previous 48 hours;
- medical certificate, issued based on the criteria defined by circular no. 35309 of 4.8.2021 by the Ministry of Health, which shows the exemption from the vaccination campaign.

For University employees, research fellows and collaborators of any kind, the provisions set out in the Circular, file no. 218398 sent to all the University will remain unaffected.

Enclosed documents: L.D. no. 122 of 10.09.2021, L.D. no. 19 of 25.3.2020 (sanctions) and MUR circular 12299 of 11.09.2021.

Kind regards,

The Director General

Stefano Ronchetti
